Locals Ready For Uniontown

REFUSE TO RECOGNIZE CONSTANTINE AS KING OF GREECE

Death Calls Well Known Business Man

Walter J. Brown, aged 52, of Donora, one of the oldest jewelers in the upper Monongahela valley, died suddenly yesterday evening at his home. About a week ago he contracted a bad cold, but he gave the matter little attention until Tuesday of this week, when he was forced to take his bed and a physician was called. It was then learned that Mr. Brown was suffering from an attack of pneumonia and his mother was called from Barnesville, Ohio, and in company with her son, Ben, of this city, was at the beside at the time of the death.

The deceased has been proprietor of a jewelry store on McKean avenue, Donora, for the past eighteen years and has been active in all civic, social and fraternal affairs of the town almost since its inception. Besides his wife and three children, two boys and one girl, he is survived by his mother and two brothers, Ross of Morgantown, and Ben of this city. Funeral services will be held on Saturday afternoon at two o'clock from the late home with interment in Monongahela cemetery. The deceased was a Past Exalted Ruler of the Elks in Donora and was also affiliated with the Masonic order and many of its allied bodies.

Can't Select Ruler

(By United Press)

Paris, Nov. 18.—Great Britain and France have announced that they will not recognize the Greek government if headed by King Constantine.

Athens, Nov. 18—Greece was one step nearer a decision on the return of King Constantine to Athens today. A new cabinet, headed by the veteran George Rhallis, assumed control. Upon it will depend a call for the return of the King or a plebiscite as demanded by him to determine whether the public wishes him to serve as ruler.

While Rhallis was taking his oath as premier yesterday Athens indulged in wild demonstrations.

The principal squares and streets were thronged with celebrants who expressed their joy at the result of the recent elections by waving flags, shouting and some random shooting. Police made no effort to stop the celebration but joined in it, singing the Constantine anthem with the rest.

Rhallis's first act was to demand the resignation of the regent concouriotis, appointed by Premier Venizelos at the death of King Alexander. The queen mother Olga is expected to assume the regency and other members of Rhallis's cabinet will take the oath before her.

Ex-Premier Venizelos started yesterday for Nice aboard the yacht Narcissus, escorted by a British cruiser and two destroyers.

Rhallis's cabinet was announced as Stratos, minister of the interior; D. Gounaris, minister of finance; Calogerodaris, minister of foreign affairs with Bousios, Tsalradis, Vozikis, Argyropolos, and Maresis holding other portfolios.

Exhibit Farm Products

The executive committee of the Westmoreland County Farm bureau met Tuesday afternoon in County agent W. L. Treager's office in the Bank and Trust building and planned to hold a big Farm Products show in Greensburg during the month of January. The exhibition will last three days and grains, vegetables and canned goods will be shown. On one of the days during the Farm Bureau exhibition the annual election of officers for 1921 will be held.

Local Girl Weds

A wedding of local interest took place Saturday in Pittsburgh when Miss Rose Komorosky of this city became the bride of Frank Karrolli of Detroit. The bride has been employed for some time in the office of the American Sheet and Tin Plate Company. The groom holds a responsible position in Detroit and has returned to that city while the bride will continue at her duties here for the present. They expect to go to housekeeping in Detroit in the near future.

HEAT WAS NECESSARY

(By United Press)

New York, Nov. 18—Martin Fay, 40, found the subway station cold so he built a fire on the platform and went to sleep beside it. Firemen arrested the flames and policemen arrested Fay.

Mine Still Afire

Despite the fact that smoke is still emanating from the shaft of the Union Connellsville Coal mine, near Simpson, mine inspectors are confident that, so soon as entry apparatus is put in order, they will encounter no obstacles in making a thorough inspection of the two shafts.

The mine entry apparatus reached Simpson this morning and was rushed to the mines. Inspectors examined it carefully and so soon as it is made operative they will make way for the entry which will not be before tomorrow morning, according to word received today. The job of putting the apparatus in order is a gigantic one, inspectors say.

Ex-Troopers Guilty

Ira C. Stevenson and Robert S. Schell, former state policemen, were found guilty in United States District Court yesterday of unlawfully possessing and transporting whiskey. The verdict was given 20 minutes after the closing address to the jury.

The trial before Judge Charles P. Orr lasted two days. Witnesses for the government said the two former troopers seized a truck containing whiskey on a road near Altoona. While the truck and whiskey were in possession of the defendants it was taken from them by Federal Prohibition Agent Harold McCarthy.

Many Soldiers Gassed

Washington, Nov. 17.—More than 31 per cent of all American soldiers admitted to hospitals overseas during the World War were gassed, according to a statement made public today, by the Chemical Warfare Service. Excluding Marines and sailors the total of American soldiers gassed was 70,552 of whom 1,221 died and 2,853 or 0.04 per cent. were discharged as having suffered from disability from gassing.

Every effort to prepare this country with an efficient gas defense in the event of another war is being made by chemical experts, according to officials of the service. Fifteen thousand chemists have been enrolled ready to enter service at a moment's notice and are constantly engaged in research in order to perfect all kinds of gases for use in the event of hostilities.

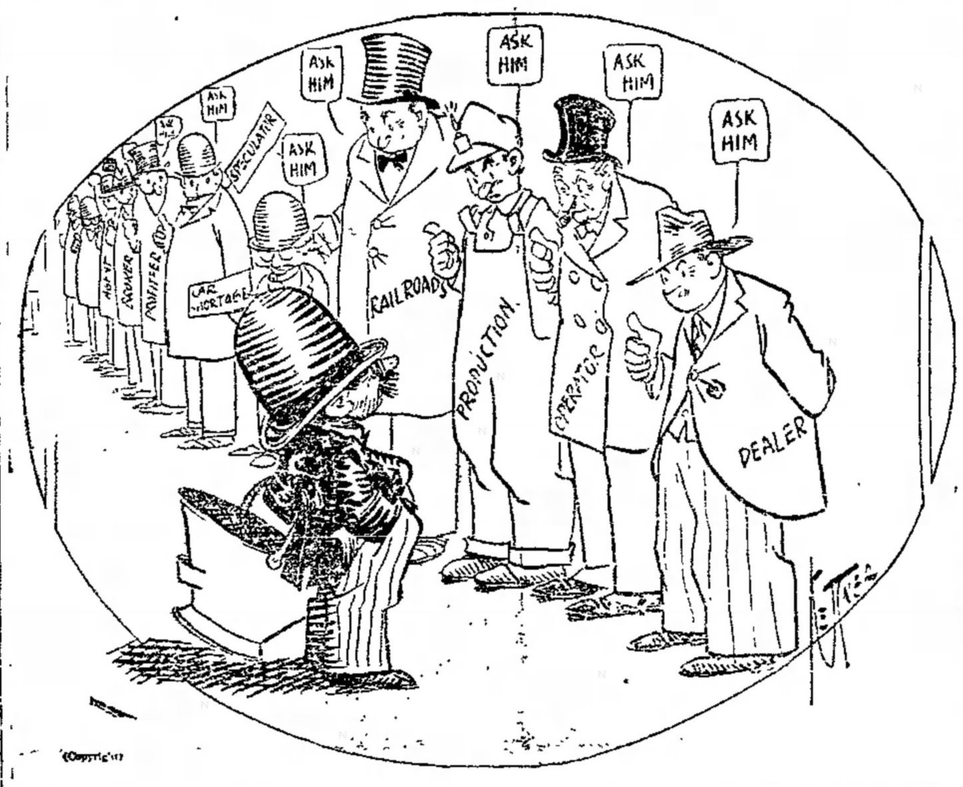
Report Many Crimes

Pittsburgh, Nov. 18—An unusually large number of criminal cases were brought up for trial this week in the local courts, according to Geo. Connor, chief clerk. Authorities here were at a loss to explain the cause of the wave of crime that has swept Pittsburgh and vicinity in the past month.

Most of the cases were homicide, and manslaughter, but enough of them to keep the five criminal courts of the city busy.

A number of local people were in attendance at the boxing bouts in McKeesport last evening. Chick Rodgers won out over Jack Loudman in ten rounds.

And So On and So Forth



VICTORY AT UNIONTOWN SATURDAY WILL STRENGHTEN CLAIM ON CHAMPIONSHIP

In spite of the inclement weather Coach Townsend has been driving the local High school football team hard this week in preparation for the Uniontown game Saturday. The local team has been kept on defense all week and much improvement has been made since Monday. Several changes have been made in the local line and the style of defense completely changed. As a result of these changes the defensive strength of the locals has been greatly increased as is shown by the fact that the second team has been unable to register a first down through the line in the last two nights of practice. However, the work of the secondary defense is still unsatisfactory to Coach Townsend and an effort will be made to strengthen it before Saturday.

The game with Uniontown promises to be a thriller. The local team has won every game on their schedule to date and are determined to keep this record intact by trouncing Uniontown Saturday. The local team is beginning to realize that they are meeting one of the very best teams in Western Pennsylvania and that they must be in the best form of the season in order to be returned the winner. Uniontown also has a wonderful record. She has won all of her games by big scores with the exception of the Washington game, which they lost 7-0, the score being made on a forward pass. However, this defeat is blotted out by the fact that Uniontown defeated Charleroi 28-0 just one week after Charleroi and Washington played a scoreless tie. It is a game impossible to dope and will furnish one of the scholastic classics of the season.

Tickets have been received at the local High school and may be secured at the office of the High school. Tickets bought at the local High school will cost but 50 cents and all who expect to go are urged to secure their tickets at once as they are limited in number. It is believed a big crowd will accompany the local team as this game will have much to do with deciding the championship of the W. P. I. A. L. and the winner of the Syracuse trophy.

No Fear of Coal Shortage

(By United Press)

Washington, Nov. 18—The bituminous coal supply is outstripping the demand, production promises to reach new records and prices continue dropping, coal men and government officials agreed today.

While a less optimistic view is taken of the anthracite situation, the belief is expressed here that it also will recover from the effects of the present outlaw strike and right itself by the end of the year.

Officials of the National Coal Association, an organization of operators, today said the supply of bituminous coal is steadily increasing and that the production for the present week may set a new record. Prices at the mines, they said, continued to drop and there is no shortage except sporadic cases in scattered localities.

At the American Wholesale Coal Association, it was said the bituminous coal situation is satisfactory in every way, and that prices continue to decline all along the line.

The United States geological survey today cited figures to show that coal production so far this year is rapidly approaching the production of the time in 1918, a record year, when in face of a heavy demand there was a surplus carried over.

So far this year the production has been about 464,231,000 tons; at the same time last year it was 407,344,000 tons and 1918, 465,021,000 tons.

If present rates of production are kept up the production by the end of this year may equal or even exceed the 1918 figure it is believed here. Throughout October and the latter part of September, production ran more than 12,000,000 tons a week for four successive weeks. It fell below this mark only last week due to the armistice day holiday.

Harrisburg, Nov. 18—The public service commission will do everything in its power to insure not only enough coal to prevent shortage, but enough to provide a necessary reserve supply for the winter months, Chairman Aney, of the commission said today.

"Authority rests with commission to make the necessary distribution so that industries and municipalities as well as the public utilities of the state will not suffer," he declared in an interview on the coal situation in Pennsylvania.

Owing to conflicting reports from operators and municipal authorities in various sections of the state as to the necessity of the commission taking action at this time, Aney said it was thought advisable to call a conference of operators, coal consumers and municipalities to represent the parties concerned in the impending crisis.

"What we propose to do at this conference is to find out what communities are facing a shortage this winter and then do what we can to get the coal to them," he stated.

Aney remarked that operators in many instances are taking advantage of the discrepancy between the contract price of coal for consumption outside the state and the low price of coal at the mines.

"With spot coal selling below the market the tendency on the part of operators is to pay greater heed to contract orders with the consequence that coal destined for local consumption goes outside the state," he declared.

Aney said the commission will confine its inquiry to the subject of coal distribution and if a fair let-up in demand for coal in the middle west is noticing the situation of this state there may be no need for action by the commission.

"It was brought out at a conference with the interstate commerce commission recently that the public utilities of Pennsylvania are in great need of coal and the commission proposes to find out if this condition exists," Aney stated.

Canvassers Are Meeting With Success

With the most favorable weather conditions of the week the Red Cross canvassers started out early this morning on the Fourth Roll Call, and are making a house to house canvass securing new and old members. Reports at noon were that all committees were meeting with success and all seem willing to renew their membership in the organization that has done so much for the welfare of mankind. Several $5.00 and $10.00 memberships have been reported and it was thought at headquarters that once it became generally known that the local chapter would benefit most from these larger memberships many more would be forthcoming. On a $5.00 membership the local chapter may retain $4.00 for local use and out of a $10 membership, $8.00 may be retained, the remaining $2.00 going to help finance the world-wide work of the American Red Cross.

One of the finest things connected with the drive for members is the very few instances reported by the chairmen of the various committees in which those asked to assist have declined to join. Nearly everybody asked has volunteered their services and were on the job this morning and indications point to a record breaking campaign here. The assistance given by Rev. Jokey, the Finnish minister, Rev. A. J. Gartska of the Polish church and Kanenko Neshich among the Croatians will prove a great help and the people of these nationalities give promise of contributing liberally for the Red Cross.

League Has Troubles

By HENRY WOOD

(United Press Staff Correspondent)

Geneva, Nov. 18—Informal reports here that a league of nations commission interceding in the Polish-Lithuanian dispute had been fired upon near Kovno, concentrated attention today on the League council which had appointed the commission.

There was severe criticism of the council for failure to give greater publicity to its decisions and hearings. A full explanation of the proceedings leading to the dispatch of the commission to the Polish-Lithuanian front was demanded by Liberal delegates. They also demanded more complete statements regarding other deliberations.

The Assembly organization was complete today with the making of Vice Presidents and Commission chairmen who will rank as vice-presidents. These officials were chosen yesterday in secret session:

Commission Chairman—Organization, A. J. Balfour, Great Britain; Technical organization, Tomaso Tittoni, Italy; world court, Leon Bourgeois, France; administration, Jose Quinones de Leon Spain; admission, Antonio Huneus, Chille; mandates and disarmmament Hjalmar Branting, Sweden.

Vice Presidents included: Wellington Koo of China; Costa, Portugal; Blanco of Uruguay and Aguero, Cuba.

Release War Prisoners

(By United Press)

London, Nov. 18.—Foreign Minister Tchitcherin of Russia, has informed Lord Curzon that the last British prisoners have been released from Russian prisons. The freeing of prisoners was one of the British conditions to resumption of trade.

The soviet foreign minister protested the reported plan of the British government to occupy Batum and declared any assistance to Gen. Wrangel in evacuating the Crimea was to be regarded as a hostile act and violation of previous assurances.

Birthday Surprise

A number of young people gathered at the home of Mr. and Mrs. William Hughes of Donner avenue, avenue on Tuesday evening and held a surprise birthday party for their son, Rowland Hughes, it being his eighth birthday. It was quite a surprise for Rowland as he had gone to work at the mill and after all was in readiness they went for him to come home. Thinking something had happened he hurried home and was greeted by a yelling crowd waiting for him. After partaking of evening refreshments a lively time was enjoyed.

Building Collapsed

(By United Press)

Indianapolis, Ind., Nov. 18—Several persons were reported killed in the collapse of the new manual training High school today. Police and firemen were summoned to the [illegible]. The building was about half completed.

Approve Verdict

The verdict of the jury who acquitted Alex Dudgeon of Pricedale, of the murder of Frank Ball, has met with popular favor in this section of the valley. Frank Ball, a man of Hungarian parentage, is said to be one of a small gang of men who had been shot and killed. It is stated that three members of the gang had met violent deaths and all had caused a lot of trouble in the neighborhood the past five years.

The verdict of acquittal was returned in open court at six o'clock in the presence of a number of attorneys, the court officials, the defendant and his wife and their eight children, who came over from Pricedale early in the morning to be present at the trial of the husband and father.

The defendant took the witness stand at 3:10 o'clock in the afternoon and stated that he had been married 16 years and has a wife and nine children. He stated that on September 23 one of the bones in his left arm was broken. On the morning of September 26, he stated he went to a picnic at Pricedale and met Ball in the afternoon and that Ball hit him with his fist and knocked him down. After eating his supper he stated that he went to the Hollander store to get a paper of tobacco and that Ball started trouble there. When outside of the store, he testified that Ball rushed up to him seized his throat with both hands and said with an oath: "I've got you now and I will kill you."

Set Date For Hearing

Harrisburg, Nov. 17.—The Public Service Commission has fixed November 23 for hearing protests against the application of the Pennsylvania Gas Association for permission to reduce the standard of manufactured gas supplied to the public. The association represents practically all of the manufactured gas companies operating in the state, and the petition is made to change the standard prescribed by the Public Service Commission in its regulations for gas service made several years ago.

Mob Kills Three

(By United Press)

Douglas, Ga., Nov. 18.—Three negroes, two men and a woman, implicated in the killing of Pearly Harper, a prominent young planter were lynched by a mob of 150 and shot to death. The mob overpowered Sheriff Turner and two deputies and took charge of the prisoners.

DANCE MONDAY

The Musical Auxiliary has completed all arrangements for its annual dance which will be held in the Croatian hall on Monday evening of next week. The Bill Hop orchestra of Pittsburgh, O. has been secured for the occasion and the affair promises to be of interest. The names of the patronesses will be announced later.

REPUBLICAN IN POLITICS

ANOTHER REFORM WAVE

Here is an article that contains more prophesy than anything else. If you don't believe in psychology don't read it; if you don't believe that human nature and human customs and human appetites change better not read it. But nevertheless it is opinion based upon both history and statistics. The first sentence may jar the destructive smoker and if the shoe pinches he'll have to wear it.

The campaign that made it unlawful to manufacture and sell intoxicants in America is at an end: within a short time history only will tell the story. On the heels of this gigantic struggle comes another that will be waged with even greater viciousness, not alone on account of the nasseau of the habit but more vitally because of the loss entailed as a direct result.

We refer to the unbridled habit of smoking. During the world war the habit spread in proportion to every other laxity and today we have the appalling statistics that more than ninety per cent of the homes have become involved. Schools and colleges have been loathe to undertake to combat it; society has welcomed it as one of the crazes of the twentieth century, and as is the custom with all campaigns of reform it must be started by the mothers.

Hence it is that we have many well formed organizations in various parts of the country already enlisted to carry on a campaign of education that will reduce the number of juvenile smokers each year.

But the habit alone which means an outlay of millions annually is not the greatest sin connected with it. The carelessness of the smoker brings about endless loss.

There is not the emotional appeal for the prohibition of the sale of tobacco as there is in the case of liquor. No man ever spent all his week's wages in a cigar store in one evening and then went home to rob his own trunk or throw rocks at his own house.

Yet some of us have been abusing the privileges of freedom by burning carpets, scorching furniture, scratching matches on polished surfaces and setting fire to houses.

We have been made a cigarette smoking nation by advertising, and judging from the expenditure, the manufacture of cigarettes is highly profitable.

By this same force of advertising people can be educated against the abuse of freedom—that is, a little "Safety First," or "Have a Cure" advertising at the bottom of cigarette advertising space.

Otherwise within a few years all of us will be bootlegging our smokes.

Restrictive laws exist because of those who abuse the privileges of freedom. And under them those who do not abuse the privileges of freedom suffer with those who do.

For instance, there are laws against driving an automobile more than eight miles an hour in certain sections of our cities, but there are times in these same sections when with care and judgment an automobile can be driven 18 or 20 miles an hour in perfect safety. But the law must be made to restrict the careless driver—and it applies to the reckless and the careful alike.

In the lobby of a hotel the other day a guest smoked and burning. He looked down to discover a spot on a very expensive rug was being burned by a cigarette butt.

Close inspection revealed that almost the entire surface of this same rug was covered with burned spots and from the same cause.

A very casual examination revealed a like condition of the carpets around the cuspidors in the corridors and writing room.

In addition to the fact of the loss

ones of the house, the footboard of the handsome walnut bed had been burned into the wood and for its full length, by lighted cigarettes being laid upon it.

This is true of every piece of furniture in the room, except those whose surfaces are protected by glass. The carpet is also spotted with burns. Matches have been scratched on the polished sides of the dresser.

Last winter a local woman took expensive linen to the board of trade banquet and placed it on the speakers table. It was property she valued highly and used it only on special occasions. To her chagrin and amazement it had been burned through by careless smokers who placed lighted cigarettes beside their plates. The comfort and pleasure the smokers received did not half compensate the loss nor justify the one who had to bear it.

A newspaper article gave an account of a man who was smoking at an open window. He threw the lighted stub out the window and it fell on an awning. The awning was ignited in a few seconds; the fire spread and before it was extinguished several hundred dollars worth of damage resulted.

These truths could be followed by thousands of others, even more appalling and destructive in loss. The smoker destroying the hotel property makes the hotel rates higher. Is there any person who believes that this habit can go on unchecked with all of the loss and discomfort it causes without bringing about a public sentiment that will at least put people who are slaves to the habit on their guard.

RED CROSS AIDS 15,000 TOWNS

Vast Number of American Communities Assisted.

MANY ACTIVITIES INAUGURATED

Thirty-five States, Pennsylvania Among Them, Officially Working With Red Cross.

The activities of the American Red Cross for the fiscal year ending June 30 last fulfilling the peace-time obligations of its congressional charter by "mitigating suffering caused by disaster and pestilence, and in devising and carrying on measures for preventing the same," touched, in some form, more than 15,000 American communities.

During the year a Red Cross Department of Health Service has been organized: its Nursing Service has been extended to meet a growing demand for public health nursing until over 36,000 nurses are now on its rolls; its First Aid to Injured courses have been widely taught, 6000 persons having been awarded First Aid Certificates during the year; and the American Red Cross has been the chief factor in the formation of the League of Red Cross Societies with headquarters in Geneva.

The Department of Health Service was established December 1, 1919. On June 30, 1920, there were in active operation 128 Health Centers, from which radiate innumerable activities designed to improve the health of the community and prevent the spread of disease, while 435 Red Cross Chapters were actively engaged in disease-preventive work.

The bureau of First Aid to the Injured has issued 6000 certificates to those who have taken regular courses and awarded 465 medals. Ten First Aid contests have taken place in various states, 1500 medallions have been distributed and 775 junior members have been awarded emblems.

Life Saving Service.

The Life Saving, or Water First Aid service has been extended during the past year by the addition of twenty-nine Red Cross Life Saving corps and the enrollment of 1500 new members, of whom 503 are women. There is now a complete woman's corps in this branch of the service.

The Health Department also includes a Bureau of Medical Social Service, which had under its supervision June 30, 1920, 312 Red Cross employes, serving 52 Public Health Hospitals. Of this number 125 are hospital social workers, and during the year 30,122 patients have received from this bureau some form of Red Cross service.

In the Department of Nursing the past year was one of transition from military to civil activities.

Of the 661 nurses attached to the nurses Service of Red Cross on June 30, 1919, 1,000 were sent overseas in Europe with the war zone was signed, and 1,000 were returned to the United States by June 30, 1920. Of those 661 were on the Red Cross Rolls, 48 in the Balkans, two in Turkey, 1 in Persia, 5 in Poland, 5 in Czecho-Slovakia and 1 in Esthonia.

Nursing Enrollment.

Enrollment in the Red Cross nursing service increased during the year from 24,128 to 30,705. Of these 30 there were in active service 3,0 in the army, 3,0 in the navy and 2,0 in the Public Health corps.

In order to meet the number of [illegible] nurses for which there is urgent demand, 288 scholarships have been established and 67 loans have been made from National Fund to public health nursing. In addition, approximately 250 scholarships have been awarded by the various chapters. Funds have also been given to the University of Minnesota, Peabody College, Tulane University, University of Louisville, and University of California.

Development in class instruction in Home Hygiene and Care of the Sick has increased three-fold during the fiscal year, the number having increased from 31,083 to 93,093. During June, 1920, 2000 nurse instructors were conducting classes.

Activities of the Bureau of Nutrition Service to aide the maintainance of a reserve of home economics women qualified and ready to serve in the event of war, and the promotion of the course of instruction in food selection, nutrition classes for undernourished children and the hot school lunch. During the year 2287 enrolled in these work, 568 as hospital dietitians and 1878 as instructors. During the fiscal year a text-book upon this line of work has been issued and 1496 students have been enrolled.

Upon the [illegible] work of the Red Cross Health and Nursing Departments has been that 25 states have practically adopted a uniform method of working in connection with the Red Cross, whereby a bureau of public health nursing has been instituted under the direction of the State Public Health officer.

The part which the American Red Cross took in the organization of the League of Red Cross Societies was purely educational, but in this way it blazed the trail for the League, which aims to extend its activities and constructive work throughout the world.

Coming

Are your muscles obedient? Do you feel good? Do you control your body or does your body control? If you get tired and stiff and your body is sore—you are a slave, and your body is the master, because you can do only the things that your body allows you to do, you are sick and should take exercise, so says "Mondaaye", famous Indian physical culturist, appearing at the Olympic theatre. This great athlete shows absolute control of every muscle in the human body, performing feats of super strength with seeming ease and catlike quickness. Miss Juanita Darkfeather, one of the famous three Darkfeather sisters of movie and athletic fame appears with "Mondaaye." 1t

Will There Be a Lester Piano in Your Home This Christmas

FT" THAT DOESN'T PAY

uggestions for the Housekeeper nd for Those Who Are Too Saving.

are some thrift suggestions not always pay, remarks a the New York Sun.

sn't pay, for instance, to wrap n your icebox up in newspaper the ice when by so doing you p the rest of the icebox from rot cool. You may save your ice, but you may lose more than the worth of the ice in meat and vegetables that have been spoiled.

It doesn't pay to make a cake without butter or eggs when you have to throw half of the cake away because no one will eat it.

It doesn't pay to do your own housecleaning to save the expense of a woman by the day when this means that you are not able to have dinner at home at an expense of rather more than new material would cost.

It doesn't pay to deal with a grocer who undersells the other grocers a little because he has no delivery service when you spend an hour in getting your supplies in order to save 10 cents. There are other ways that you can make an hour's time worth much more than that.

It doesn't pay to set so economical a table that your children and your husband will have a craving for candy and between meals that will cost very much more than would be needed to set a really bountiful table.

ree Proof You Can Gain Strength in 10 Days!

n Amazing Offer to All-Run Down, Weak and Anaemic Men and Women Made Possible Through New Gland Discoveries

ou are thin, pale and —if you feel all dragged are tired, nervous and list- you lack strength and en- and are run-down ger- here is your opportunity to new grip on rugged health risking a penny.

e your druggist's today. from him a bottle of the andex Compound. Try it. g directions, for ten days. te the results.

s do not feel a decided im- nt in your general condi- your mirror does not re- marked improvement in ppearance—simply return tle to your druggist. He erfully refund your money

can we make such a sweep- r? How can we afford to ch an unusual money-back ee?

because of our confidence in arkable new discovery—a y which attacks run-down ns in a new way, frequent- astonishing results.

uccess of Animal Glands

body has read about ands and how they have nsferred to human beings parently amazing results pers all over the country. talked the success of these operations, telling of the that were accomplished. plaining the reasons for this success scientists tell us that our glands govern the building up of the millions of life cells in our bodies. According to these scientists we are no healthier than our glands.

When our glands become rundown, as they frequently do through overwork, worry and countless other causes, our bodies become weak, we lose weight and appetite, we become irritable, nervous and inefficient, and generally lose interest in everything.

But when our glands are healthy and function normally, our muscles become powerful, our brains keener, our nerves calm, we can do more and better work with less effort and life becomes worth while.

New Method Available to All

These operations, however, were within the reach of but comparatively few, due among other causes to their prohibitive cost.

But now, thanks to a new discovery, gland extracts are available to all. Under the name of Glandex Compound, which is sold to all druggists, you may now obtain gland extracts which have been taken from the glands of healthy sheep and cattle.

In addition these extracts are combined with iron, which as we all know, is perhaps the best known blood builder.

Thousands of men and women in all walks of life are now using these helpful gland tablets, and splendid results are reported. Increased weight, glowing cheeks, mental and physical alertness, and added endurance, strength and health are but a few of the benefits which have been derived when the glands were straightened and the blood built up.

Glandex Builds Strength in 10 Days---or Costs Nothing

So confident are we that Glandex Compound will bring added strength and health in nearly every case, that we are now inviting you to use it 10 days without the slightest money risk on your part.

Simply go to your druggist. He will supply you with Glandex Compound. Use it for ten days. Then note the results.

If you do not feel that your health, strength and endurance have been increased—if you do not feel better in every way—go to your druggist and he will refund your money without question.

Remember you risk nothing. Try Glandex for 10 days. If it doesn't make good in this time or sooner, get your money back. But act at once for druggists tell us that due to the great demand for Glandex Compound they are unable to keep it always in stock.

The Glandex Company, Inc.

244 West 23th St., New York City
For Sale by Craig's Drug Store, 166 Donner Avenue and by good druggists everywhere.

Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound.

I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rogers, 503 Fargo Avenue, Buffalo, N. Y.

Sacramento, Calif.—"I had organic trouble and had such terrible pain and swelling in the lower part of my side that I could not stand on my feet or even let the bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks, so I can keep on working. I work in a department store and have to stand on my feet all day and I do not have any more pains. I surely recommend your Vegetable Compound to all my friends and you may use these facts as a testimonial."—Bertha J. Parker, 320 M St. Sacramento, Calif.

The fact is, the Best Medicine for Women is

Lydia E. Pinkham's Vegetable Compound

Coal Supply May Soon Be Exhausted

(By United Press)

Harrisburg, Nov. 17—The prospect of a fuel-less country within 100 years was brought out in an interview today with Dr. George W. Ashley, state geologist.

"Unless steps are taken to conserve the rapidly diminishing supplies of natural gas, oil, and coal in this as well as other states where the nation's fuel supply is located, the country may see the practical exhaustion of these resources," Dr. Ashley stated.

"All the cheaply mined coal of this state will be gone in 100 years at the present rate of consumption" he declared. The Pittsburgh bed is calculated to last 80 years longer. Only eight billion tons of coal remain to be mined in Pennsylvania, he asserted

"With means of utilizing the shales containing low grade of oil or by forcing it out of abandoned wells by improved machinery the oil supply of this country will last about 50 years at the rate it is being used today," Ashley said.

Although the coal resources of the country are estimated at three trillion tons, only a small percentage of this is accessible with modern facilities. Most of the coal is found west of the Mississippi River, he said, and is of an inferior grade known as lignite.

This brand of coal contains too high a percentage of moisture for ordinary use, he declared.

Dr. Ashley emphasized the value of utilizing powdered coal for commercial purposes, the cutting down of consumption at power plants by greater efficiency, the utilization of water power, and improved methods of obtaining oil from abandoned wells as a possible solution of the problem.

Pennsylvania mines about three per cent of the coal used in the United States and is eighth in the order of production, Ashley declared. The state takes out of the ground approximately 100 million tons yearly, he said.

White House in Every Capital

(By United Press)

Nov. 18. A proposal to build in every foreign capital where the United States is represented an accurate replica of the White House in Washington to be used a residence for American embassies or legations will be presented to Congress this winter by Representative Stephen G. Porter of Pittsburgh.

It has been proposed that these miniature White House be built by American labor, exported for the purpose.

Congressman Porter was a member of the Congressional party that recently toured Japan and China.

Fire Observation Tower Was Erected

(By United Press)

Harrisburg, Nov. 17.—A forty foot forest fire observation tower has been erected in Ogle Township, Somerset County, on lands of Babcock Lumber Company by the Pennsylvania Department of Forestry. The tower commands a view of about 15,000 acres of woodland and is located within twenty yards of the Ogletown and Bedford roads, four and one-half miles east of Wimber.

HOW ANY GIRL CAN HAVE PRETTY EYES

No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will brighten the eyes and a week's use will surprise you with it QUICK results. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE.—H. F. Craig, druggist.

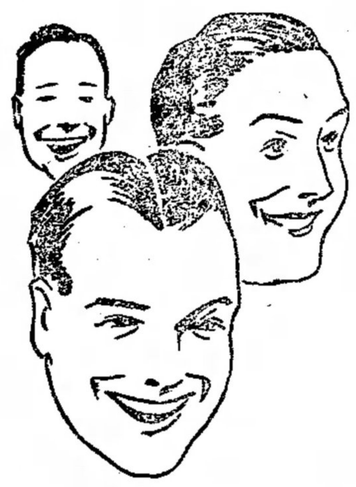
SUITS & O'COATS



Go On Sale Tomorrow at

33⅓ off

The Plainly Marked Original Prices

The above statement means exactly what it says. We are NOT offering our ENTIRE STOCK of clothing, but we have taken A QUARTER OF A MILLION DOLLARS' WORTH OF HART SCHAFFNER & MARX SUITS and OVERCOATS (as many garments as the average large store carries in its *entire* department) and place them on sale tomorrow morning at ONE-THIRD OFF from their PLAINLY MARKED ORIGINAL LOW PRICES. For example, SUITS that were such sensational values at $39.50 can now be bought in this sale at only $26.34. And so on throughout the entire list. We are making this RADICAL REDUCTION in keeping with our policy to TAKE A LOSS if necessary to MEET THE PUBLIC'S DEMAND FOR LOWER PRICES. It is the BIGGEST CLOTHING OPPORTUNITY OF THE YEAR.

The Suits at 33⅓% Off
The Plainly Marked Original Prices

$ 39.50 Suits—33⅓% Off—Now $26.34
$ 50.00 Suits—33⅓% Off—Now $33.34

Diaz and Carranza Heroes in Mexico

(By United Press)

Nov. 18 — Mexico has no hall of fame in which to display her heroes—heroes who are never deemed such until they are dead. But there are half a dozen vendors of Paris statuettes, men who wend their way through the capital's streets, displaying theirs wares on the sidewalks. Not only do they set the style in heroes, as they place a new bust on the market from time to time, but they provide an interesting insight into the fickle reactions of a revolutionary public.

A year or so ago there appeared the plaster likeness of Don Porfirio Diaz, the president whose overthrow raised the nation-wide cry of revolutionary liberty. Don Porfirio's bust found a ready sale. He is a hero now. There have been many revolutions since Don Porfirio's time. The other day the statue vendors placed a new bust on the sidewalk. The face was familiar as the original had been one of the best hated men in Mexico. There were whiskers, finally moulded in the plaster. It was Venustiano Carranza.

MANY LIKE THIS IN MONESSEN

Similar Cases Being Published In Each Issue.

The following case is but one of many occurring daily in Monessen. It is an easy matter to verify it. You cannot ask for better proof. Ask your neighbor!

James Galley, Harrison St., Monessen, says: "Doan's Kidney Pills are certainly a fine kidney medicine. I have used them a number of times when my back and kidneys have been out of shape and they have always given me the best of results. When I first used Doan's I was suffering from sharp pains in the small of my back and my kidneys were weak and irregular in action. In a short time they relieved me and since then I have had a recurrence of this trouble and have yet to see it fail to benefit me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr Galley had. Foster-Milburn Co., Mfrs., Buffalo N. Y.

Mercantile Tax Law May Be Repealed

Harrisburg, Nov. 18.—Eight retail organizations representing more than ten thousand business men of Pennsylvania are now lined up back of the movement for the repeal of the alleged unfair Pennsylvania mercantile tax law, according to Reed McCarty, general secretary of the Allied Business Men's League of Pennsylvania, the organization in charge of the movement, with headquarters in this city.

Final action has just been taken here by the Board of Directors of the Pennsylvania Retail Dry Goods Association, endorsing the activities of the League and urging the legislature to repeal the taxation measure. Other large retail organizations back of the movement are the Pennsylvania Retail Merchants' Association of Pennsylvania, Pennsylvania Pharmaceutical Association, Pennsylvania Retail Clothiers Association, Pennsylvania Retail Jewelers' Association, Pennsylvania Retail Coal Merchants' Association and Pennsylvania Retail Shoe Dealers' Association.

This is the first time in the history of the long and continued fight for the repeal of the mercantile tax law that merchants and business men representing all lines of business have combined for a common cause, it was pointed out by McCarty, and a meeting of representatives of these powerful organizations will be be called early in December to outline a plan of concerted action and to unite the organizations more closely.

That the state organizations are not the only ones back of the movement is further asserted by McCarty, who points to the files of the Allied Business Men's League where already resolutions from many local organizations in the state representing many hundreds of business men are collected. These resolutions are daily being adopted in every part of the state, and in addition to the petitions from the thousands of business men who are expressing themselves on the subject of the appeal, will be presented to the State Legislature in company with the repeal of the law.

Why Speculate In Fluctuating Stocks

It is often risky business to speculate in stocks that fluctuate. They may advance a little one day, and take a big drop the next.

Greatest Wireless Station.

The world's greatest wireless station has been built in Italy, powerful enough to communicate with North and South America when similar stations are erected on this side of the Atlantic.

Shaving Cup Protector.

To insure the owner of a private shaving cup kept in a barber shop that he is its only user there has been invented a paper cap to cover it which cannot be removed without breaking a seal.

"1900 Cataract" Washer

Saves Time and Money and Really Washes Clothes

The "1900" Cataract Washer is so simple in design and construction that no knowledge of machinery or electricity is necessary to produce work of the finest quality.

Considering laundress costs you actually save enough in one year to more than pay for the machine.

Our liberal offer of monthly payments will make you the owner of this wonderful Electric Washing Machine and Wringer.

We also offer free trial and demonstrations.
